SUMMARY

Software Testing Intern with 6 months of hands-on experience at LeadSquared spanning manual and automation testing. Built and scaled a large end-to-end UI automation framework in Playwright and TypeScript. An aspiring Software Developer with a strong foundation in full-stack development and problem solving, passionate about building reliable, scalable software that solves real-world problems.

EXPERIENCE

Software Testing Intern — LeadSquared

6 Months

UITestAutomation Framework

- Performed both manual and automation testing across product modules, strengthening release quality and regression coverage.
- Built and scaled an end-to-end UI automation framework, automating around **900 test cases** across the Tenant Management and Platform modules.
- Engineered the framework in **Playwright** and **TypeScript** using the Page Object Model with a clean 3-layer architecture for maintainability.
- **CI & Reporting:** Integrated Allure reporting, CI execution and API-based test data setup to enable reliable, repeatable regression runs.

PROJECTS

Inventory Management System

- Developed a full-stack application to help businesses track and manage stock levels, products, users and expenses across operations.
- Built with React.js, Express.js and Prisma, backed by a MySQL database.
- Deployed on AWS using EC2, RDS, Amplify, API Gateway and S3.

AI – Finance Dashboard

- Developed a full-stack finance dashboard to track KPIs, products and transactions with interactive visualizations.
- Built with React.js, Express.js and Recharts, backed by a MongoDB database.
- Deployed on AWS using Lambda, ECR, DynamoDB, API Gateway and S3.

SKILLS

Languages	Java, TypeScript
Frontend	React.js
Backend	Express.js
Databases	MongoDB, MySQL
Test Automation	Playwright, Page Object Model, Allure, CI, API Testing
Testing	Manual Testing, Automation Testing, Regression Testing

EDUCATION

B.E. Computer Science and Engineering — B.M.S College of Engineering, Bengaluru

2022 – 2026

CGPA: 7.46/10.0 · Pre-University(XII): 96.5% · SSLC(X): 94.4%

ACHIEVEMENTS

- Co-author & virtual presenter, "**Social Network Analysis using GraphSAGE**," selected for the 4th World Conference on Information Systems for Business Management (ISBM 2025).
- Paper provisionally accepted for publication in **Springer LNNS** proceedings after peer review; reviewers praised its practical and deployable solutions.
